

## Scholarships for High School Seniors

PCI Health Training Center is proud to participate in the Imagine America Foundation High School Scholarship program and the Career Colleges & Schools of TX scholarship program. The maximum award for either of these scholarships is \$1000.00 and can be used toward the cost of attending classes at PCI. To apply for one or both of these scholarships please read carefully the information below:

### ***Imagine America Foundation-High School Scholarship:***

Each High School in our service area is allocated up to three (3) Imagine America High School Scholarships for graduating seniors. Applying is easy and only takes a few minutes of your time. The first step is to decide which PCI campus you wish to attend, Dallas or Richardson, and the course of instruction you plan to enroll in. After that, the rest is simple! **All applications must be completed on-line via the Imagine America website:**

- 1 Go to <http://www.imagine-america.org/scholarship/01-high-school-students.asp>
- 2 Click on “**Apply**”
- 3 Click on the letter “**P**” to bring both PCI campuses to the screen, then click your choice of campus
- 4 Follow the screen prompts to select the state, city, and name of your high school.  
**Note:** If you are unsure if your high school is enrolled in the program, ask your guidance counselor. There is no fee for enrolling your high school. Guidance counselors can enroll their high school by emailing Imagine America at [scholarships@imagineamerica.org](mailto:scholarships@imagineamerica.org).
- 5 After selecting your high school, you will be presented with a short application form to complete. Review your completed application by selecting “**Preview and Send Your Application**”. To submit your application, select “**Submit This Application**”
- 6 Your application will be sent electronically to the designated guidance counselor or Imagine America contact at your high school. The contact will review and accept or deny the application. If approved, the application is sent electronically to the High School Relations department of PCI Health Training Center.
- 7 PCI will then be prompted to indicate via emails to both you and your counselor if a scholarship is available. They will then be prompted to confirm your acceptance. At this time PCI is emailed your application information. **Note:** Acceptance is always conditionally based on the student’s ability to meet PCI’s general admissions requirements. This is determined by a personal interview at the campus of your choice.
- 8 Once accepted, an Imagine America certificate will be mailed to the recipient.
- 9 After you receive your certificate and letter, it is important that you now contact PCI and complete any pre-admissions testing and applications, if needed.

### ***Career Colleges & Schools of TX-Scholarship Program***

The Career Colleges and Schools of Texas (CCST) have created a scholarship program just for you! Visit with your high school counselor about the 2 ways CCST can help further your education and help you succeed...

Ask your counselor to review the “CCST Career Planning Guide” that they’ve been mailed on CD or visit the CCST website <http://www.careerscholarships.org/>. This website or the guide has information that can help you reach your career goals and achieve your dreams. With detailed information about class schedules, courses offered and degrees available, you are sure to find a program that fits your interest and strengths!

To make it easier for you to attend PCI, ask your counselor to award you one of the ten \$1,000 scholarships they can give out each year. Your counselor can award you those scholarships on the website.
